With Distress Inks, color a 3.75x5" CS panel to create a night sky. Use ink colors of Seedless Preserves, Chipped Sapphire, Salty Ocean and Stormy Sky.

Once dry, use a round paintbrush dipped in water to splatter all over the panel. Allow to dry and set aside.

Die cut the Gossamer intricate die both on silver glitter paper and white cardstock. Adhere the silver die cut over the white die cut. Set aside.

Stamp and emboss the sentiment at the bottom center of the panel with white embossing powder.

Add the die cut above the sentiment. Add a silver rhinestone gem to the center of the die cut.

Add the panel to the cardbase.
