## Instructions:

Die cut Twirl Tree from white cardstock. Color the tree with Cherry Pie Dylusions Ink Spray. For a little sparkle, add Perfect Gold Perfect Pearls Spray. For additional sparkle, color the tree further with a glitter pen. Dry the tree each time before adding the next layer of color/sparkle.

On an acrylic paper panel, using a craft knife, cut a rectangle measuring the length width of the tallest and the widest part of the tree. Distress the edges.

Stamp and emboss the sentiment at the bottom right of the triangle.

To finish the card, adhere patterned paper complementary to the tree on a top folding card base.

Center the tree on the cardbase to match the rectangle of the card panel.

Adhere to the patterned paper.

Finally, adhere the card panel on the cardbase with dimensional foam.
